## Education

---

### Mumbai University

*Bachelor of Engineering in Information Technology*

Sep. 2023 – May 2026(Expected)

*Mumbai, Maharashtra*

## Projects

---

### Project Parade Website | *Python-Flask, HTML, CSS, JS, MySQL, NoSQL*

October 2024

- Developed a platform using Python Flask, MySQL, HTML, CSS, and JavaScript for students to upload and share projects, research papers, and community posts globally. Integrated bcrypt for secure password hashing and enabled user authentication.
- Enabled users to post images, share updates, and create polls for feedback from the global community.
- Provided access to educational materials on cloud computing, programming languages, and tools for continuous learning.
- Built a collaborative space where students can connect, share knowledge, and showcase their work, fostering global networking and idea exchange.

### Research Hub | *Flask, HTML, CSS, MySQL*

September 2024

- Developed a platform using Flask, MySQL, HTML, CSS, and JavaScript where students and faculty can upload and share research papers globally across various categories of science and technology. Implemented bcrypt for secure password hashing and user authentication.
- Enabled users to instantly download published research papers, providing easy access to valuable academic resources.
- Facilitated global sharing of research by categorizing papers into different scientific and technological fields, promoting knowledge exchange and collaboration among students and faculty.

## Technical Skills

---

**Languages:** Python, SQL, NoSQL, HTML/CSS, JavaScript(BASICS)

**Developer Tools:** VS Code, Excel, PowerBI, Git, Github, MS-OFFICE

**Technologies/Frameworks:** GitHub, Flask, Pandas, Numpy, matplotlib, scikit-learn

## Certifications / Extracurricular

---

- SQL INTERMEDIATE – BY HACKER RANK.
- INTRODUCTION TO PYTHON - By CAREER NINJA.
